TO THE SENIORS

The belief that youth is the happiest time of life is founded on a fallacy. The happiest person is the person who thinks the most interesting thoughts. As we advance in years we really grow happier, if we live intelligently. To say that youth is happier than maturity is like saying that the view from the bottom of the tower is better than the view from the top. As we ascend, the range of our view widens immensely; the horizon is pushed farther away. Finally, as we reach the summit, it is as if we had the world at our feet.

THIS GREAT, GROWING, TRAUMATIC, DRAMATIC, BEAUTIFUL, CRAZY, TERRIFIC YEAR

. . . WHERE DO WE GO FROM HERE?

SENIOR CLASS PROPHECY

Ah, yes, here we have the mighty class of '79 back at Snake River again. I see Carter Mackley has managed to pull this reunion off. I understand he made it big in the business world. Well, he always was a fast talker. We have a few classmates who are now teaching at our alma mater. Ronnie Capson has taken Coach Willie's place. He has had great success with his wrestling team. He attributes it to his quiet authority and a few quick tricks. Fern Bartlett is the drama teacher now. Her first big performance had to be canceled because she blew so many holes in the ceiling. She's looking for Cam Jackson to find out what went wrong. Look out Cam!

Oh, we'd like to thank Steve Stringham, Keith Bott, Kim Dayton, Marlin Herrick, Don Martin, and Rip Wallace for donating the drink for our reunion. For those who aren't aware, please save all cans and tabs. They're going to recycle the aluminum and buy new motorcycles for themselves. We would like to excuse a few people tonight. Tammy Magleby wasn't able to be here. She just had her fourth child and still doesn't know how it happened. We received a letter from Robin Trappett who is a nun in Florida. We have two others who have joined the sisterhood: Peggy Kolbet and Chere Dalton. They asked me to personally thank the refreshment committee, but suggested that white wine and gold goblets would have been more appropriate. For those of you wondering where Gregg Dance is he is sitting out on the front step. He testifies he had a strange encounter and is so convinced he has started constructing his own U.F.O. Dayle Mecham isn't married yet. He has this thing about dating a girl only once. We've got some famous stars out there. Raylene Smith has gone into acting. Her first big picture is about a struggling scientist who blows up her laboratory and is reincarnated as a 7'4" black basketball player. Mindy Daun is a fill-in on "Mork and Mindy." She acts as Mork. Gayelynn Truman has become a professional dancer for Lawrence Welk. In her spare time she runs the bubble machine. David McKinnon is in the U.S. Senate. He still swears the 1% initiative is wrong. Alan Pond and Gavi Rodriguez have also gone into politics. They always did believe in the two-party system. Stop! Would someone please help Denise Taylor calm down. Brenda Reeves just told her about Donny Osmond's divorce. I guess that explains her sudden outbursts. Has anybody seen Jeff Anderson? Oh, he's under the table fixing an unstable leg. WOW! Tami Adams will be a little late tonight. Carole Ison was supposed to pick her up but forgot. I guess some things never change. Mike Barber is recruiting for the Army. He just can't wait to see basic training with some women draftees. Jeff May and Clair Stucki are now working for the Life Savor Co. as taste testers. They are the only two who can sit on the life savors and name the flavor. Brad Christensen and Brett Perschon purchased Taylor Mountain. Someone told them they could make a mountain out of a molehill. Pat Sypher is now employed at Cathay Cafe. She really likes her job but does have a tendency to slip into the men's doggie bags and go home with them. Teresa Crumley Whitworth is still happily married, but Danny complains that sometimes she isn't worth a "Whit." Jim Page is still a cowboy only now he's got a stranger hobbie. He lives in Australia and breaks kangaroos. Ray Butt isn't here tonight. He and his brother had a big basketball game to go to, and they never miss a chance to yell obscenities at the referee. Betty Taylor is still working at Red Steer. She really loves her work and the social contact she has. Robynn Gorder took over the College of Beauty but business isn't too good. It seems she keeps making a lot of unexpected trips to Rexburg. Shari Peterson has been seen accompanying her. Melonie Jensen is working at Bingham Memorial Hospital as an x-ray technician. What a switch! Now she's making people better instead of worse. When we last talked to Barbie Jemmett, she reported seeing two men in white coats carrying big butterfly nets. Now she seems to have mysteriously disappeared. If anyone should see her, take her directly to Dr. Karl Sackett. He swears he's finally found a cure for mental illness. Larry Jackson has really changed. So many birds mistook him for a bush that now his hair is white. We'd like to ask for all your help in finding Bruce Lake. He went to his cabin to do some fox hunting and hasn't been seen since. Mitch Capps is a professional wrestler. His only problem is that he can't get his dad off the mat long enough to have a match. Lynn Clement is residing in Oklahoma hello's. We've had two name changes in our class. Carol Christiansen got so tired of having her name pronounced wrong she decided to change it by getting married. Fred Smullin got sick of having Mr. Odell spelling his name P-h-r-e-d so he changed it to Fred Smith. JoAnn Clough Jensen has really enjoyed marriage. She told us all it takes is a box of bisquick. Claudene Rogers also got married. When asked how married life was she said it was like swimming the Atlantic in a tootoo. Lanette Murdock is still waiting for her missionary. Lyle asked for a ten-year extension and Lanette promised to wait. Alan Hunsaker went into farming. He raises chickens so look out Colonel Sanders. Speaking of whom, Darin Jackson is now working at Kentucky Fried Chicken-Darin always did have a way with those drumsticks. Brent Jackson hasn't changed a bit. By the way, Kathy Goodwin, could you please stand up-you're sitting on him. Two of our fellow classmates are still up at ISU. John Heady teaches a night class five nights a week. We're not sure what he's teaching but he's giving out applications to anyone who is interested. Roberta Hill was voted woman of the year. For her acceptance speech she laughed for five minutes. We have a lot of performers in our graduating class. Melani Elison really hit the big time. You can catch her act nightly at the Pink Palimeno. How many of you thought her voice would get her anywhere? Laura Griffith is presently teaching music at Taber Tech. Her nights are occupied by accompanying Melani at the Pink Palimeno. Sounds like that's where the action is. Annis Christensen is working as a model. She's done very well and will be signing foldouts afterwards. Could someone please pick up Brenda Whitworth? She got ready yesterday and is still waiting for someone to pick

her up. Susan Martenes has really advanced at Albertson's. She's now Bakery Dept. Manager and so was able to give Sandra Frederick a job. Sandra was put in charge of the rum cake for tonight's reunion. Maybe that explains why she is sitting in the corner with her eyes rolled back in her head. So eat up folks! Jarice Waters has her own greenhouse. Her first customer was Mrs. Havens. She asked Jarice to cure her root rot. Robert Burton has gone into newscasting and has taken Walter Cronkite's place. He hopes to become the next Ted Baxter. Nancy Price and Laura Martin are still going to college. They couldn't decide on an occupation so they became professional students. Herbie Redhorse and Jonathan Wells are working for the Godfather. I guess their strong silent type finally paid off. Aurthur Flores has just made his first million. He sells joints of grass from Scotland Yard. There seems to be a great demand for royal grass. Kristy Williams was in a serious wreck and was left in a comotose state so Sears and Roebuck hired her as a manican for their lingerie department. If any of you aren't feeling well take your business to the Darell K. Loosle Funeral Home. (Darell always was a dead head.) Kevin Harmon is working for the Coca Cola Bottling Co. He believes coke adds life. Debbie Ross has her own dog kennel. She brought some of her dogs with her tonight so if anyone wants a companion see her later. Wendy Rowbury has opened her own Chinese laundry and catering service. The table clothes and dishes have been furnished by this business. Aaron Tyler has been experimenting with two Canadian mice and a Spanish fly. He ask me to announce that the mice are "loose" so watch out! Barry Goodyear has purchased the Goodyear Blimp. He said he just wanted to deliver a few papers. Ann VanOrden and Tammy Watson are doing Long and Silky commercial but the photographers are having trouble telling them apart. Would someone please tell Stevan Atwood that being seen not heard isn't always good? Kim Packer has just bought her second mink coat. I guess she's still trying to keep up with the Jones. Lori Bair is still at Boys' State. She swears she's going to find out why everyone there is so wild and crazy with the hope that it will rub off. Brent Espling and Karla Vail are married and even have their own show. They had trouble choosing a name and were torn between the "Waltons" and "Eight is Enough" so they compromised and named it "The Esplins: Twelve is Too Many." Lauri Parrish is a little unassembled tonight. She was putting in her contacts and poked out her eyeballs. Ramone Osborne, on the other hand, is suffering from two broken legs, a black eye, and a severe concussion. I guess Bev Mickelson just wasn't in the mood for a smile. Kevin Marcum and Don Leatham are still arguing. Don accused Kevin of being conceited and Kevin's reply was, "If I was conceited would I be here with you common people?" Kevin Warren has gone into the candle-making business. Now he can really enjoy lighting up a few. Jolene Secrist is First Lady. I guess our class will always remember, "Man has the will; woman has the way." Good job Jolene. Marty Smith is president of Playtex Inc. He is also their main model. Dawna Nilsson is trying to take John Denver's place, but complains she can't get an authentic Rockymountain High. Susan Nixon is now working for the city's road construction crew. They use her flaming red face as a red light. We would like to have a moment of silence for Blaine Nelson. He committed suicide when he was turned down by six girls for a date tonight. Coy Capson has opened her own cookie factory. She sp cializes in making the little chocolate "Chips." Shellie Carlson and Julie VanOrden are really into nature. Julie just appeared in Field and Stream with an article about fishing. Shellie, on the other hand, has gone into the Woods with strict instructions for no one to disturb her. Looks like she's really commited. Please tollerate Alan Christiansen and his camera. He hopes to sell some of his photos to Mad Magazine. Everyone act natural as this could be your big chance. Nita McCandless has filled her big dream. She's now with the Tabernacle Choir. She acts as head page-turner. Alan Martin is working at a bar. He complains of a few headaches from his swinging job. Alan is the third barstool from the end. Ellen Dawson has become a famous beautician. She is presently employed by Sheryl Hansen and Patty Stroh. They are working on the performances of "eracula Strikes Again." LeeAnn DeGiulio took over the Foxy Lady. We heard her complaining earlier of not having anything to wear. Serena and Merena DeGiulio have just arrived and were afraid that after ten years we might not recognize them, so they wore their twin outfits with their initial pins on the collar. Tony Hall and Mike Rowe have taken over the electrician business. They had a mishap the other day. It seems Tony took a few volts of electricity. Mike said he seemed all right but was a little more enlightened than usual. Jan Denlinger has gone into the bell business. The only drawback was that he had to change his name to Dinglinger. Kevin Turpin, Hal Wells, and Jimmy Williams have been very successful as a threesome. They are Hewey, Dewey, and Louie for Walt Disney. Steve Polatis is the new John Travolta of the farm. Discing Fever just hit him and he's just disced twelve fields, ten of which are someone else's. Kathy Talbot has made it big playing volleyball. She's going to the Olympics, but is now playing for the Japanese team. Betty Hale has really had success with her new diet. She and Mary Anne Anderson are now being used as javelins by the U.C.L.A. track team. Barbara Mickelson finally got married. They decided after eight years they wouldn't wait for Lyle anymore. We just got word that Ron Coumerilh passed away. He went to Australia to visit Jim. They were out riding the range when Ron was thrown from his kangaroo and stampeded. Kris Larsen and Zane Jensen have not gotten married. As of now they are still arguing about the date of the wedding. Ooo! What's that strange smell? Oh, it's just Kathy Rossi. Looks like she's still hanging around Harris of Idaho. Donnie Reed will now be working for the L.A. Rams. He is a cross bar for their new goal posts. In closing we're proud to have Karine Lyons do a bagpipe solo.

Hail Scotland!

IN MEMORY OF KURT ANDERSON "COACH A"

Kurt Anderson was born and raised in Blackfoot, Idaho, the eldest of a family of nine children. Kurt attended school in the Snake River School District throughout all twelve years.

As a youngster, Kurt always enjoyed participating in active sports. Having been raised a farmer's son, he always enjoyed farming.

After graduating from Snake River High, Kurt attended Ricks and later on B.Y.U. While attending college, Kurt fell in love with flying.

Interest in children and a little "friendly persuasion" from his mother led Mr. Anderson to persue a career in teaching. His love of sports eventually led him to coaching.

After receiving his teaching Certificate, Mr. Anderson taught at the Chimlue, and Mini Farms Indian Reservations in Arizona for five years. It was at this time that Kurt bought his first airplane, a Taylor Craft. After this plane was destroyed in a wind storm, he purchased a Cessna.

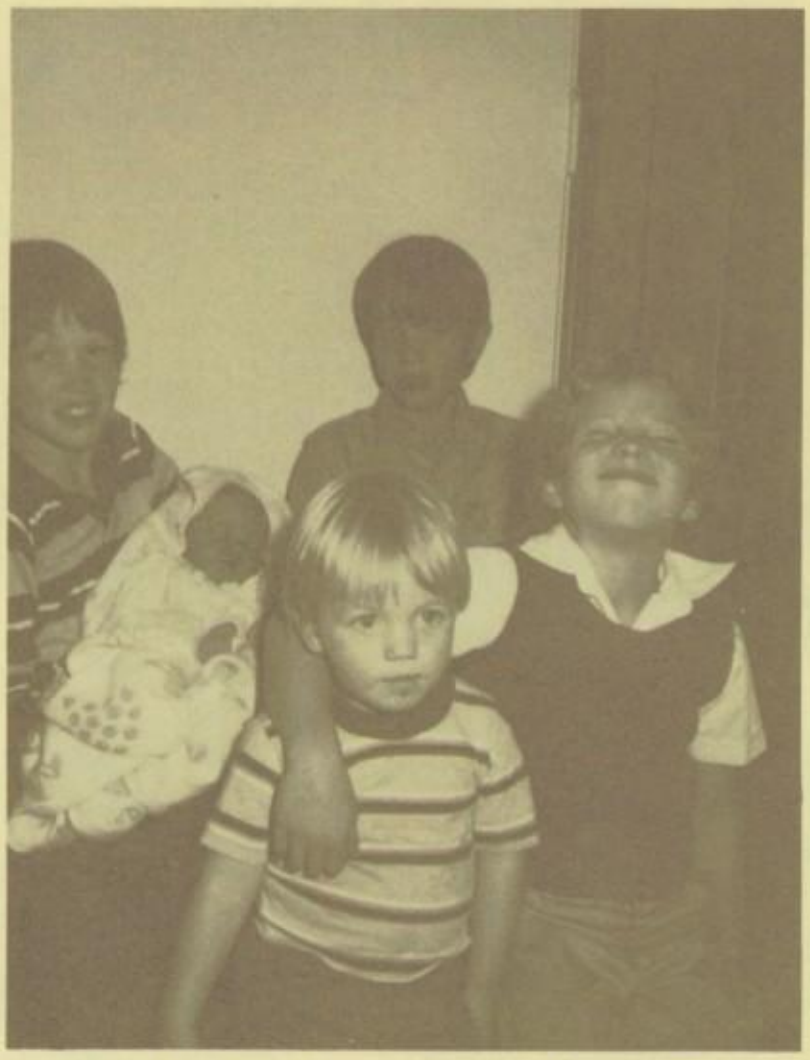
Kurt's last five years were spent teaching and coaching at Snake River High. The student body, especially his football team, referred to him lovingly as "Coach A".

Coach A had four sons: Todd, Randy, Kyle and Danny. His only daughter, Stephanie, was born one month and one day after his death.

After a trip to Colorado, Mr. Anderson was returning home to coach "his team" in a football game. While flying over Utah, he ran into a storm and crashed into a mountain. Kurt was found the following day.

Coach A will be sorely missed not only by his family and friends, but by the entire Student Body and Faculty at Snake River High.

WE LOVE YOU COACH "A".



Kurt's children; Todd, Stephanie, Danny, Randy, Kyle.

Oh, I have slipped the surly bonds of earth,
And danced the skies on laughter-silvered wings;
Sunward I've climbed and joined the tumbling mirth
Of sun-split clouds-and done a hundred things
You have not dreamed of-wheeled and soared and swung
High in the sunlit silence. Hov'ring there
I've chased the shouting wind along and flung
My eager craft through footless halls of air.
Up, up the long delirious burning blue
I've topped the wind-swept heights with easy grace,
Where never lark, or even eagle, flew;
And, while with silent, lifting mind I've trod
The high untrespassed sanctity of space,
Put out my hand, and touched the face of God.

Kurt and his wife Melba

Look to this day
For it is life, the very life of life.
In its brief course
Lie all the verities and realities of your existence:
  The bliss of growth
    The glory of action
      The splendor of beauty,
For yesterday is but a dream
And tomorrow is only a vision,
But today well lived makes every yesterday a dream
  of happiness
And every tomorrow a vision of hope.

–LOCKIE BASEBALL FIELD DEDICATED.

The 1978-79 school year has been a very unpredictable year. This was the year of the eclipse of the sun, the death of our football coach and the coldest year on record for the state of Idaho. The people of the state voted to reduce taxes in the form of a 1% initiative. This action had the potential of seriously damaging our educational funding.

**However, the local patrons voted unanimously to bond themselves again in order to provide the needed funding for a new high school facility.

**We began this year with a new principal, Nolan Mecham, and ended the year by dedicating a new baseball field. The winter was so cold that the Snake River froze solid, creating massive flooding. We had a good football season and a fair basketball season. Music and Drama were exceptionally good.

**Yes, we, the 1978-79 Yearbook Staff, report to all our readers that this year was unusual.

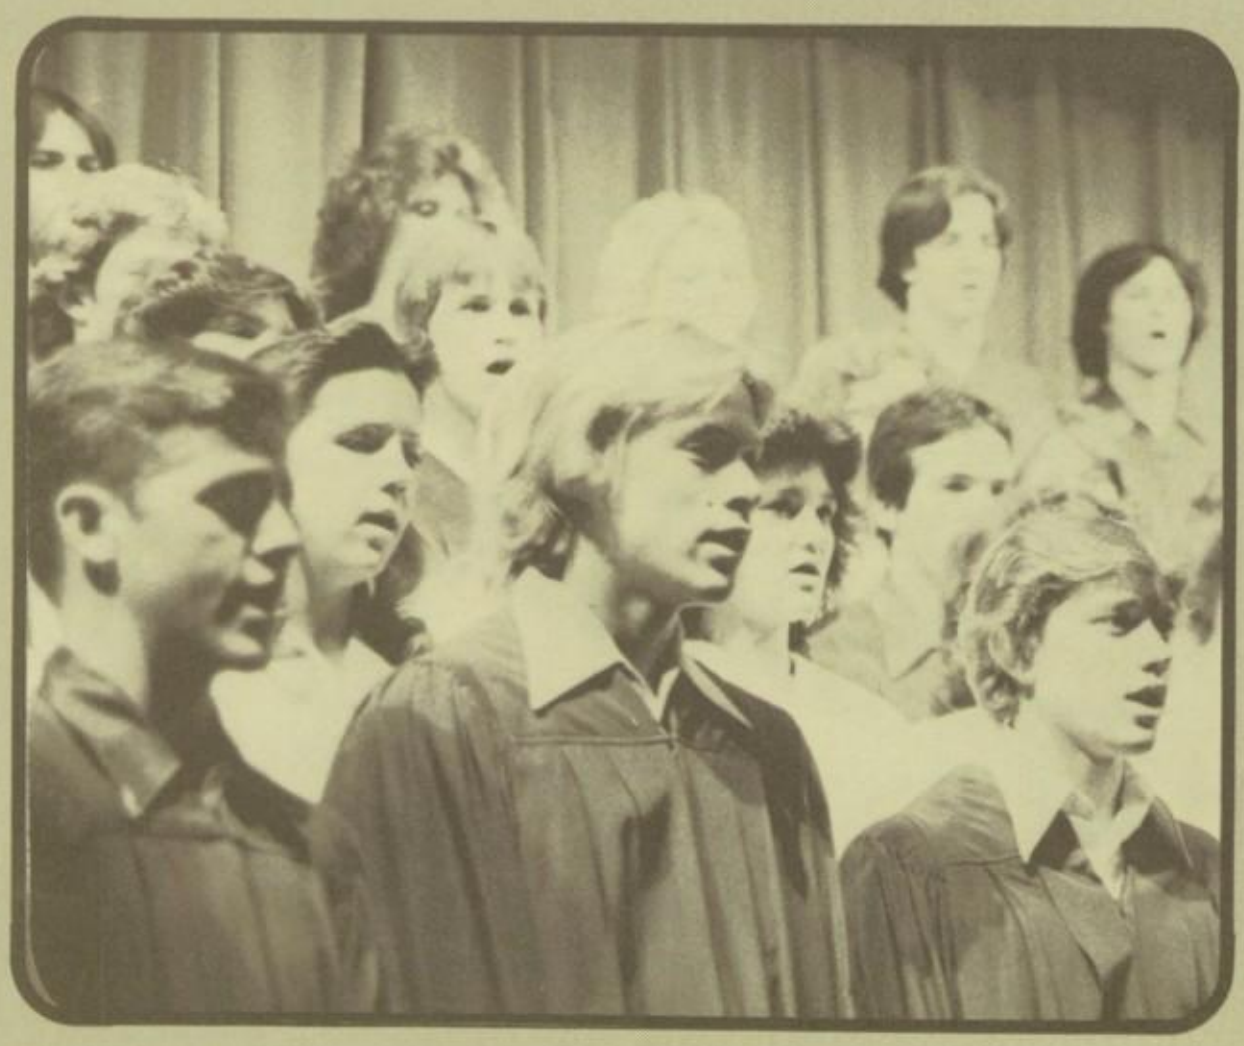
Good is the enemy of best, and the thing that most do not realize is that it is not much harder to achieve the second than the first.

Rather, it is a question of which you expect of yourself;
And of your ability to see adversity not as a road block, but as a challenge of great interest.

Desire is the where point, and what your mind sees when it looks through the sights of your goals is where your effort will strike.



Shady side, sunny side
That's the way the roads divide
Half of Sunshine, half of shade

That's the way the world is
made
Friend of mine I hope you ride
Always on life's sunny side.
